4th January 2019

Dear Parent/Guardian

I would like to take this opportunity to say how pleased I am with our Year 11 students' performance in their final year here at Marshland High School.

The majority of students have now applied to their post 16 courses with some students having already been successful at interview.

This term is going to be very busy and you'll find important dates below.

Pre-Public Examinations (PPE) will take place from Monday 4th to Friday 15th February 2019. It is vital that your child revises thoroughly and approaches these exams seriously. This will allow teachers to assess their performance and provide constructive, quality feedback on how to achieve the best possible GCSE outcomes.

Enclosed with this letter is a copy of the GCSE revision booklet produced by our Heads of Department. Throughout all of January and leading up to the February PPEs, your child is expected to revise and remember the key information for each of the subjects they study. Starting **Monday 28th January**, subject teachers will be testing the quality of revision using these GCSE booklets with prizes awarded for effort and outstanding achievers. Please encourage your child to use this booklet as it will have a significant impact on their GCSE results.

A reminder that **Year 11 Parents Evening takes place on Thursday 14th March**. It is really important that you attend with your child, so we can jointly encourage and focus support in these critical final months at Marshland High School.

If you have any questions, please do not hesitate to contact me.

Yours sincerely

Mr D Saunders
Assistant Headteacher – Year 11 Student Outcomes
