

Marshland High School - Parent Update 18th September 2024

New System – Bromcom

From our recent updates you will be aware that we have changed systems for student information from SIMs to Bromcom with effect from the start of the term. As with any major system change we are working hard to ensure that it is running effectively and this takes time. Updates on MCAS (MyChildAtSchool) are also being worked on. If you are still having specific MCAS log-in issues, support contact details have changed and you should email data@marshlandhigh.co.uk in the first instance. We aim to address any issues as soon as we possibly can, and thank you for your patience.

Please note, notifications on the MCAS App will be updated later this term, in the meantime please check your Detentions link daily.

As a reminder all students have access to their own Bromcom Student App, which they need to access as home learning activities will be logged and monitored here. There is support in school with Mr Thorne in CS1 before tutor time in the morning to help children log-on.

Tesco Wisbech In-store Vote – Reading Stars

We have been nominated to participate in the blue token voting system in Wisbech stores which runs from the first week of October until mid-January 2025. Results will be shared in mid-February.

If we secure the highest number of votes, prize money will be used to help children become fluent, confident and independent readers so they are able to comprehend complex texts and develop a love of reading.

To vote, you will need to make a purchase within store of any value. You will receive one token per transaction and it's not necessary to purchase a carrier bag in order to receive a token.

Thank you for your support.
